CW STAINLESS STEEL WALL MOUNT BRACKET (AW-9501-0000)

Assemble as shown.

The wall mount bracket is to be attached to a wall or structure capable of handling a 900-pound minimum weight load, such as a 4 x 4 studded wood structure or minimum 1/4 inch steel studded structure and or framing.

A licensed building contractor should perform mounting of the bracket to a wall to assure proper strength of support.
